

Academy Health and Safety Policy Statement

St. Paul's Boxing Academy is an organisation committed to safeguarding the health and safety of all individuals who deliver or take part in our sport sessions by ensuring the below standards are adhered to at all times:

- All staff will comply with appropriate health and safety requirements. This will be done in accordance with the requirements as stated in the Health and Safety at Work Act 1974.
- All Hylton Castle and Town and Farm Boxing Club delivery staff will undertake a health and safety risk assessment prior to a session commencing.
- All Hylton Castle and Town and Farm Boxing Club staff must ensure that any injuries or accidents that occur during the session are reported to a senior member of staff. Where appropriate, parents must also be made aware.
- All staff will ensure that all delivery staff are provided with safe equipment that enables sessions to be delivered safely and at no risk to the coach or the participants.
- All staff have a responsibility to ensure only safe equipment is used in a session. All coaches must check equipment prior to the session commencing and report any unsuitable equipment to the Head Coach.
- All staff must ensure that all equipment is stored away safely at the end of the session ready for the next session to commence.
- The Academy is committed to providing training to ensure that participants are able to operate any equipment safely. In addition, all appropriate staff are required to hold an up to date safeguarding and first aid certificate which has incorporated cardiac pulmonary resuscitation training.

The management committee of St. Paul's Boxing Academy will ensure that this policy is reviewed annually. This review will ensure any necessary changes in health and safety law can be included.
